Dr. Tracy Mountford

Founder & Medical Director – The Cosmetic Skin Clinic

Dr. Tracy Mountford is the founder and Medical Director of The Cosmetic Skin Clinic, with clinics in both Buckinghamshire and London. She has over 19 years experience in advanced non-surgical facial rejuvenation techniques. She qualified in London in 1985 and initially worked as an anesthetist before training as a Cosmetic Medical Practitioner. She is a founder member of the BACD (British Association of Cosmetic Doctors).

Dr. Tracy Mountford and her team specialise in restoring, enhancing and maintaining beautiful looks using the very latest technologies for skin rejuvenation, specifically the use of Botulinum Toxin, dermal fillers, skin peeling, lasers and RF skin tightening.

Dr. Mountford is frequently quoted in the national press and magazines. She has also appeared on television programmes such as, BBC Breakfast, GMTV and This Morning, UK Living 'The Truth About Beauty' and is soon to be seen on '10 Years Younger'.

Margo Marrone

Pharmacist & Founder – The Organic Pharmacy

Margo Marrone, fell in love with herbs and homeopathy whilst pursuing her Pharmacy Degree at Kings College, London. She then went onto work in several of London's top hospitals and pharmacies. In 1995 while studying homeopathy at Regents College in London she became aware of organic and what it meant. From that day on she vowed to use only natural products. When she failed to find the products she wanted she decided to take the matter into her own hands. Today, The Organic Pharmacy, which Margo founded in 2002, has made the organic way of life accessible to everyone. It is a hugely successful business and Margo has won many awards for her organic skincare products.

Vivienne Parry

Writer & Broadcaster

Vivienne Parry is a writer and broadcaster. A scientist by training, she writes and presents many series for Radio 4 including 'Inside the Ethics Committee' and the multi-award winning 'Am I Normal'. She has written science columns for the Times and Guardian, is science editor of Good Housekeeping and contributes features to an enormous range of magazines and papers, in particular, The Times. Her book 'The Truth about Hormones' was shortlisted for the 2006 Aventis Science Prize. She works extensively with government, especially the Department of Health and sits on the Council of the MRC. In the past, she has presented 'Tomorrows World', reported for Panorama and been the main woman columnist of the News of the World.
